

Ayomal Banneka | Undergraduate Full-Stack Software Engineer & Aspiring DevOps Engineer

Anuradhapura District, North Central Province – Sri Lanka

✉ ayomalkaushalya@gmail.com • in ayomalbanneka

Professional Summary

Undergraduate Software Engineer with a strong interest in DevOps practices, cloud computing, and automation. Passionate about building scalable systems, improving deployment pipelines, and exploring tools like Docker, Kubernetes, and CI/CD workflows. Expanding knowledge in DevOps, cloud services (AWS/Azure), and modern software development practices to bridge the gap between development and operations.

Technical Skills

Cloud Platforms: Amazon Web Services (AWS), Microsoft Azure

Containerisation: Docker, Kubernetes (K8s)

CI/CD: Continuous Integration (CI), CI/CD Pipelines, Jenkins, GitHub Actions
